

STES

RTO Policy – Transition of Training Packages

Purpose	The purpose of this policy is to ensure STES will only deliver currently endorsed Training Packages or currently accredited courses.
Inputs	<p>Standard 1 - The RTO's training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses</p> <p>1.26. Subject to Clause 1.27 and unless otherwise approved by the VET Regulator, the RTO ensures that:</p> <ul style="list-style-type: none"> a) where a training product on its scope of registration is superseded, all learners' training and assessment is completed and the relevant AQF certification documentation is issued or learners are transferred into its replacement, within a period of one year from the date the replacement training product was released on the National Register; b) where an AQF qualification is no longer current and has not been superseded, all learners' training and assessment is completed and the relevant AQF certification documentation issued within a period of two years from the date the AQF qualification was removed or deleted from the National Register; c) where a skill set, unit of competency, accredited short course or module is no longer current and has not been superseded, all learners' training and assessment is completed and the relevant AQF certification documentation issued within a period of one year from the date the skill set, unit of competency, accredited short course or module was removed or deleted from the National Register; and d) a new learner does not commence training and assessment in a training product that has been removed or deleted from the National Register. <p>1.27. The requirements specified in Clause 1.26 (a) do not apply where a training package requires the delivery of a superseded unit of competency.</p>
Policy	<p>To best meet the needs of learners and of industry, STES is to transfer learners from superseded qualifications into a replacement qualification as soon as possible.</p> <p>STES will ensure that all learners enrolled in a superseded training product are transferred to a current training product within one year of the replacement being published. Before this is done the RTO is to ensure that the replacement training product is on their scope of registration.</p>
