

## CONTINUOUS IMPROVEMENT

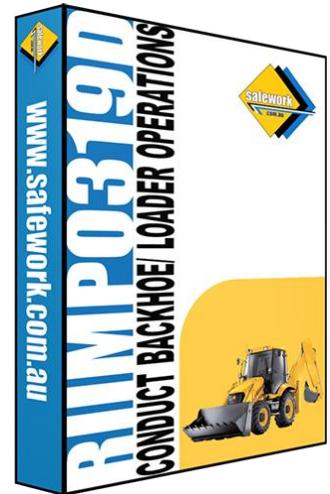

### **NEW PURCHASE!**

STES has recently purchased the following documents from Worksafe Resources:

- **RIIMPO319D Conduct Backhoe/Loader Operations**
- **MSAPMPER201A Monitor & Control Work Permits**  
(to be added to STES scope)
- **CPCCLHS3002A Licence to Operate Materials Hoist**  
(to be added to STES scope)

These documents have been successfully rebranded and are ready to roll! However, please note that MSAPMPER201A and CPCCLHS3002A are not in our scope yet. We will get these units included to our scope soon.

So if you require a set of **RIIMPO319D** materials for your training, grab a set from the STES Admin today!

## INDUSTRY CONSULTATION

### **WA TRADE NIGHT**

Fancy meeting some new machineries? Always interested to learn more about new machineries? Your chance is here!

EWPA and HRIA are organising this trade night to showcase their latest machineries from Genie. Among the other displays are Wacker Neuson, Boya Equipment, Hilti, JCB Construction Equipment Australia and Crommelins Machinery!

This is an excellent opportunity for you to learn more about these new machineries and to network with fellow tradesmen! **If you are interested to attend, please inform Kamal or STES Admin by 9 September 2015 (Wed).** BBQ and refreshments will be provided.

- Date: 16 September 2015
- Time: 5:30pm – 8:30pm
- Venue: Genie, 126 Sheffield Road, Welshpool, WA
- Free event

To avoid any disappointment, confirm your attendance with us today!

Skills Training & Engineering  
Services Pty Ltd

## INDUSTRY CURRENCY

If you have obtained new training certificates or had attended a work-related seminar this year as part of your ongoing professional development, please inform us (and [email a copy of the certificate/registration of the seminar](#)) at STES so that we can update your staff profile.

We have to **stress** that it is important that you as a trainer/assessor maintain your industry currency to ensure relevance in the industry.

## TRAINING / VOC

PHOTOS! Photos! Photos! We love having lots of training photos taken during practical or VOC training! Please send them to STES ([info@stes.com.au](mailto:info@stes.com.au)).

Also, if you are going to conduct or had conducted any VOCs, have a word with the employer. Get them to tell you:

- How would they want STES to carry out the VOC for their staff
- How were the training duration, the format of training and the training outcome
- How would they like STES to improve further

Alternatively, you may pass the employers our 'STES Industry Consultation Questionnaire' which can be obtained from STES Admin for them to complete and return the completed form to STES.

Your involvement is vital to our success. Thank you!
